PROFILE

Detail-oriented and highly motivated web developer with a solid foundation in front-end and back-end technologies. Proficient in HTML, CSS, and JavaScript, with hands-on experience in modern frameworks like React.js and Node.js. Adept at building responsive, user-centric web applications, and developing scalable, efficient server-side logic. Proven ability to collaborate in Agile teams, lead projects from conception to deployment, and continuously learn emerging technologies. Passionate about delivering seamless digital experiences and optimizing web performance.

WORK EXPERIENCE

Hawkscode
Full Stack Web Developer Intern

AUGUST TO SEPTEMBER 2024

- Dedicated time to personal growth, attending regular training to broaden web development capabilities.
- Communicated clearly with web development teams, ascertaining daily tasks and completing to exact direction.
- Created responsive design layouts using JavaScript and JQuery, aiding smooth customer experiences.
- Participated in agile development cycles, adapting quickly to changes and meeting tight deadlines.
- Collaborated with senior web developers to design and implement new website features, enhancing user experience.
- Utilised HTML, CSS, and JavaScript to develop responsive web pages, improving site accessibility across devices.

PROJECTS

- **E-commerce Web Application :** Built a responsive full-stack application using React.js and Express.js to handle user registration, product listing, and cart functionality.
- **Integrated payment gateway using Stripe API:** Blog Platform Designed and developed a multi-user blogging platform with Node.js, Express, and MongoDB, implementing user authentication (JWT) and role-based access control.
- **Real-Time Chat Application :** Created a real-time chat application using Socket.io and Node.js, allowing users to join different chat rooms and send/receive messages instantly.
- **Portfolio :** Built a responsive portfolio using React and Pure JS with the help of tailwind and bootstrap
